

New Source Review newspaper advertisements for construction permit applications, June 15, 2017. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications will be or were published on one of the following dates: June 13, 2017, June 14, 2017, or June 15, 2017. Public notices are generally published every week. The previous publication of public notices was June 8, 2017.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-03-09-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mrs. Michelle W. Owenby, Director, Division of Air Pollution Control, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, 15th Floor, Nashville, Tennessee 37243 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Any individuals with disabilities who wish to participate in these proceedings or to review these filings should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such initial contact may be in person, by writing, telephone, or other means, and should be made no less than ten (10) days prior to the hearing, or the date such party intends to review such filings, to allow time to provide such aid or service. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 2nd Floor, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, Nashville, TN 37243, (866) 253-5827 (toll free) or (615) 532-0200. Hearing impaired callers may use the Tennessee Relay Service (1-800-848-0298).

The applicant is Composite Solutions, LLC with a mailing address of 1664 Murfreesboro Road, Woodbury, TN 37190. They seek to obtain an air contaminant permit (Division identification number 08-0040-02 / 972748) for construction of two (2) new Spray Booths located at 1664 Murfreesboro Road, Woodbury, TN 37190. This proposed operation would consist of two (2) new Spray Booths that will be used mainly for sanding of body fillers and polyester paints at their fiberglass boat and other fiberglass parts manufacturing operations. Shared Exhaust filters would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. Younes Aleali is the assigned Division person.

For the Cannon County "Cannon Courier"-- publish once on Tuesday, June 13, 2017.

The applicant is Interstate Packaging, with a mailing address of 2285 Hwy 47 N, White Bluff, TN 37187. They seek to obtain an air contaminant permit (Division identification number: 22-0044-11/72734) for one Emergency Natural Gas Fired Generator Engine located at the same address. This proposed backup emergency generator engine is natural gas fired with a rating of 97 HP. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source. Mrs. Sarosh Kaiser is the assigned Division person.

For the Dickson County "The Dickson Herald"-- publish once on Wednesday, June 14, 2017.

The applicant is the TBDN Tennessee Company with a mailing address of 1410 Highway 70 Bypass, Jackson, TN 38301. They seek to obtain an air contaminant permit (Division identification number: 57-0223-24/72806) for an Electric Power Generator located at the same address. This existing operation consists of a natural gas-fired electric power generator and associated equipment used to provide emergency backup electric power for a data processing system. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. E. King is the assigned Division person.

For the Madison County "Jackson Sun"-- publish once on Thursday, June 15, 2017.

The applicant is MAPCO Express, Inc. dba MAPCO Express #7542 with a mailing address of 801 Crescent Centre Drive Suite 301, Franklin, TN 37064. They seek to obtain a construction permit (Division identification number: 57-0448-01/72708) for construction of a gas dispensing facility located at 20 Johnson Creek Boulevard, Jackson, TN 38305. This proposed operation would consist of six (6) underground storage tanks and thirty (30) gasoline nozzles. Stage I gasoline vapor recovery would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. B. Hall is the assigned Division person.

For the Madison County "Jackson Sun"-- publish once on Thursday, June 15, 2017.

The applicant is Tennessee Valley Crematory, Inc. with a mailing address of PO Box 547, Monteagle, TN 37356. They seek to obtain an air contaminant permit (Division identification number: 58-0129-02/72779) for construction of a crematory operation located at 207 Mabee Avenue, Monteagle, TN 37356. This proposed operation would consist of a crematory and associated equipment used to incinerate human remains. Natural gas would be used for fuel. A secondary chamber would be used for emissions control. There would be physical construction and regulated air contaminants would be emitted by this source. Mr. B. Hall is the assigned Division person.

For the Marion County "Jasper Journal"-- publish once on Tuesday, June 13, 2017.

The applicant is Walker Die Casting, Inc. with a mailing address of P.O. Box 1189, Lewisburg, TN 37091. They seek to obtain an air contaminant permit (Division identification number: 59-0001-24/72762) for construction of a new shot blasting operation at 1125 Higgs Road, Lewisburg, TN 37091. Baghouse as pollution control device is proposed. There would be physical construction and regulated air contaminants would be emitted by this source. Mr. M. Ahmed is the assigned Division person.

For the Marshall County "Marshall County Tribune"-- publish once on Wednesday, June 14, 2017.

The applicant is American Snuff Company, LLC with a mailing address of 4583 Guthrie Highway, Clarksville, TN, 37040. They seek to obtain an air contaminant permit (Division identification number: 63-0272/972790) for construction of one (1) tobacco drying and curing process located at the same address. Source 20: This proposed operation consists of a mixer, cure bin turner, dryer and associated equipment to cure and dry tobacco. Two (2) identical dust suppression units will be used for pollution control. There would be physical construction for this source. Regulated air contaminants would be emitted at this facility. Mr. Chris Meek is the assigned Division person.

For the Montgomery County "Leaf-Chronicle"-- publish once on Thursday, June 15, 2017.

The applicant is BellSouth Telecommunications, LLC dba AT & T Tennessee with a mailing address of P.O. Box 5095, Room 4W200M San Ramon, CA 94583. They seek to obtain air contaminant permit(s) (Division identification number(s): 87-0060-01/972812 for installation of a new 100 KW diesel-fired emergency generator, equipped with Kohler 100 REOZJF Engine, the facility is located on 115 Prospect Road, Maynardville, Tennessee 37807. The requested operation is for the approval to emit regulated air pollutants. Mr. Jim A. Attar is the assigned Division person.

For the Union County "News Leader"-- publish once on Tuesday, June 13, 2017.

The applicant is City of Gleason (Wastewater Lagoon) with a mailing address of 101 College Street, Gleason, TN 38229. They seek to obtain air contaminant permit(s) (Division identification number(s): 92-0173-01/942795 for installation of a new 40 KW diesel-fired emergency generator, equipped with Cummins 4BT3.3-G5 Engine, the facility is located on 4460 Highway 22, Gleason, Tennessee 38229. The requested operation is for the approval to emit regulated air pollutants. Mr. Jim A. Attar is the assigned Division person.

For the Weakley County "Weakley County Press"-- publish once on Thursday June 15, 2017.
